

Chitkara University - Chandigarh, India

About

Welcome to the Developer Student Club at Chitkara University, Rajpura, Punjab. We are a community group for students from any academic background in their undergraduate or graduate term. By joining us, students build their professional and personal network, get access to valuable resources, and work together to build solutions for local problems in a peer-to-peer learning environment.🔥

What we do:

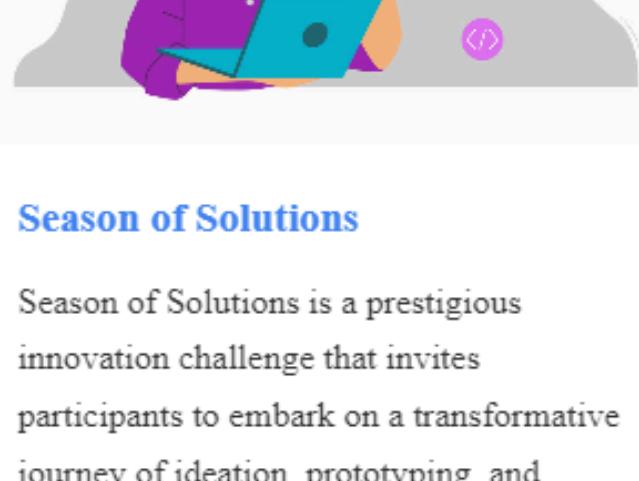

- Hands-on coding workshops (Beginner and Experienced)
- Build side projects
- Compete in the Solution Challenge
- Networking events
- Cloud Study Jams
- DG / DE expert talks

How to join:

1. Create a profile
2. Join the chapter
3. Get a confirmation email
4. Attend Events

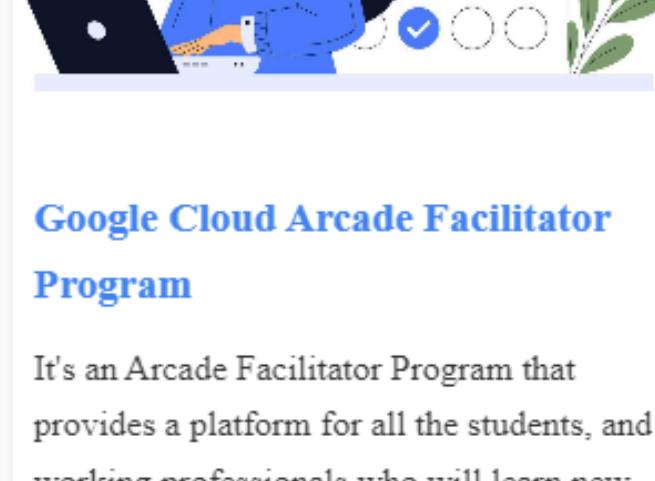

Email us at cse.dc@chitkara.edu.in for questions and more information!

Past Events

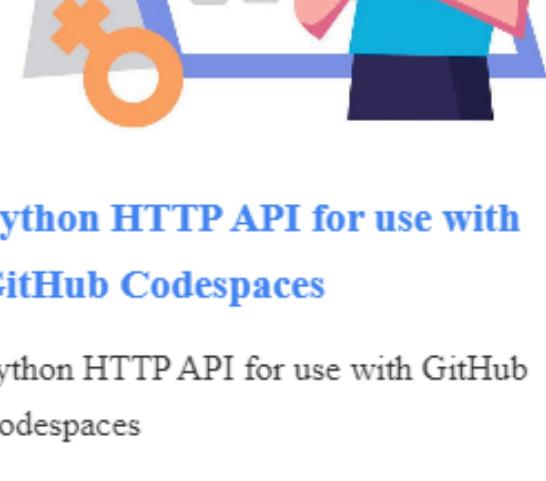

Season of Solutions

Season of Solutions is a prestigious innovation challenge that invites participants to embark on a transformative journey of ideation, prototyping, and presentation.

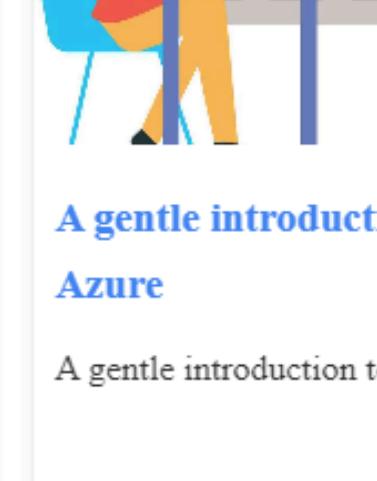

Google Cloud Arcade Facilitator Program

It's an Arcade Facilitator Program that provides a platform for all the students, and working professionals who will learn new cloud skills like computing, application development, big data & AI/ML and earn digital badges & points to use towards claiming swag prizes and Google Cloud goodies.
